GOLD LIST EDITION

2014

Architects' Choice Awards

This awards program recognizes excellence in design and construction of residential projects of all scopes and budgets, from new construction to remodels and renovations. All residential developments, from single-family homes to lofts and new construction to additions, are eligible for awards.

About AIA

For more than 150 years, members of The American Institute of Architects (AIA) have worked with each other and their communities to create more valuable, healthy, secure and

sustainable buildings and cityscapes. AIA members have access to the right people, knowledge and tools to create better design, and through such resources and access, they help clients and communities make their visions real.

With more than 2,500 members, **AIA Colorado's** mission is the voice of the architectural profession and the primary resource for its members. AIA Colorado inspires members to be leaders in the collaborative design of a quality built environment. Visit www.aiacolorado.org for more information.
